

General Terms and Conditions (of Purchase)

Doppelmayr Seilbahnen GmbH
P.O. Box 20, A-6922 Wolfurt/Austria

1. Validity and Scope

- 1.1. Effective immediately, any and all purchases and contracts of Doppelmayr Seilbahnen GmbH (hereinafter referred to as "Doppelmayr") with our suppliers shall be exclusively governed by these General Terms and Conditions (hereinafter referred to as "GTC"), except as expressly amended by separate written agreement.
- 1.2. Our supplier's own (general) provisions and/or provisions diverging from these GTC shall not be incorporated into the contract and shall have no effect.
- 1.3. Amendments to or modifications of these GTC and/or the annexes hereto shall not be effective unless made in writing. Deviating or supplementary terms and conditions will not be binding on us unless expressly counter-confirmed by us and shall only apply to the respective individual transaction agreed.
- 1.4. In the event of contradictions or ambiguities arising from other applicable documents, these GTC shall take precedence in any event. If there is still ambiguity, the principle of best fitness of the goods and services for the intended use shall apply in the event of any doubt as to the scope of goods and services. However, in the event of any ambiguity as to the performance of the contract, our supplier shall notify Doppelmayr and shall reach agreement on a solution. Our supplier is obligated to immediately draw Doppelmayr's attention to any discrepancies in the specification. Headings are intended for guidance only and shall not be taken into account for interpreting the contents.
- 1.5. As a matter of principle, goods and services provided by our supplier will be incorporated into an existing complex complete system of Doppelmayr or a complex complete system to be installed by Doppelmayr. Therefore, impairment of performance with respect to individual performance normally will result in problems in overall project organization and will cause additional costs to be incurred accordingly, e.g., in connection with postponements in the network diagram, disruptions in logistics, delays in acceptance, idle times, etc. Our supplier therefore agrees that in filling its order it shall take special care to reflect these circumstances.

2. Quotation

- 2.1. By a request for quotation (RFQ) from Doppelmayr, our supplier is requested to submit to Doppelmayr a quotation, free of charge, based on these GTC.
- 2.2. Our supplier shall comply with Doppelmayr's specifications and descriptions when preparing the quotation and shall expressly point out any deviations. Any deviations from the purchase order shall be expressly highlighted and require our express written approval. Verbally placed purchase orders will be deemed invalid unless expressly confirmed in writing by Doppelmayr.

- 2.3. Our supplier's quotation shall expressly show in detail all incidental expenses that may be incurred by Doppelmayr for taxes, charges, duties, packaging, transportation, license fees, etc. (see Sub-clause 4.18).

3. Purchase Order/Order Acknowledgment

- 3.1. Doppelmayr will place a written purchase order with our supplier by mail, fax or e-mail (in PDF or signed form).
- 3.2. Such a purchase order, including the annexes thereto (drawings, technical specifications and other documents) will be deemed to supplement the GTC or may amend individual clauses thereof.
- 3.3. In the event of our supplier issuing an order acknowledgment deviating from the purchase order, Doppelmayr will not be bound by such deviating order acknowledgment until it has given its express written approval.

4. Using Electronic Data Interchange (EDI):

Doppelmayr and the supplier may mutually agree to set up an EDI link, in which case the following shall apply:

 - Purchase order change
 - Purchase order confirmation
 - Notification of shipment
 - Invoice
- 4.3. Both Doppelmayr and the supplier undertake to implement safeguards to protect their systems and data against unauthorised access by third parties as well as against viruses and/or manipulation. The sender shall be informed without delay if unreadable or unintelligible messages are received through EDI. The sender of virus-infected data shall compensate the other party for any damage caused by the transmission of such data, unless the sender proves that it has taken all measures which the state of technology permits to prevent such damage.
- 4.4. The parties shall inform each other of any error messages in connection with EDI. For that purpose, both parties shall create an electronic mailbox and inform each other to which mailbox such error messages must be sent. By forwarding the error message to that mailbox, the respective party shall have complied with its duty to inform.
- 4.5. If for its part of the EDI link the supplier uses the services or infrastructure of a third party, the supplier shall inform Doppelmayr thereof in writing prior to starting the EDI link; this shall also apply if the supplier changes that third party. The supplier undertakes to ensure that any such third party shall also be bound to keep secret any Confidential Information pursuant to Item 16.
- 4.6. Any and all previous agreements entered into by Doppelmayr and the supplier shall not be affected by the setting up of an EDI link and shall remain in force unchanged. This provision shall also apply, without limitation, to these GTC, which

govern the business relationship between Doppelmayr and the supplier and which shall remain in force unchanged.

Doppelmayr's acceptance of a late delivery shall not constitute a waiver of claims for further damages.
- 5.8. The agreed dates of delivery will be deemed to be binding and shall be complied with at all events; earlier delivery shall only be permitted by mutual agreement. Unless expressly agreed, partial delivery shall be inadmissible.
- 5.9. Without prejudice to the rights it is entitled to under the law, Doppelmayr reserves the right to cancel the transaction without granting an additional period of time in the event of delay in delivery. At all events, as soon as our supplier becomes aware that it is unable to effect delivery in due time, our supplier shall notify Doppelmayr without delay, giving the reasons for and the expected duration of such delay.
- 5.10. Our supplier shall fully indemnify and hold Doppelmayr harmless from and against any loss and/or detriment that may be incurred by Doppelmayr as a result of delay in delivery.

In principle, quantity tolerances will be approved by Doppelmayr. However, Doppelmayr expressly reserves the right to refuse to accept and to return, freight collect, any quantity tolerances or partial deliveries not approved or to deduct the value from the relevant invoice. Any costs incurred for excess delivery, short delivery and partial delivery shall be borne in full by our supplier.
- 5.17. Any necessary storage instructions shall be pointed out separately in any and all documentation, failing which our supplier shall be liable for any damage resulting from improper storage. In the event of Doppelmayr being unable to comply with the specified storage instructions, Doppelmayr will notify our supplier, and both parties shall reach an agreement and/or Doppelmayr shall be entitled to rescind the contract.

- 6.8. Doppelmayr shall be notified in a verifiable manner of any product changes, changes in the manufacturing process and/or change in manufacturer, if any, at an early stage. By presenting the final account, our supplier declares to have thereby asserted any and all claims arising from the respective transaction and to raise no additional claims.

11. Inspection, Notification of Defects, Refusal to Accept

- 11.1. As a matter of principle, the values of the quantity delivered, mass, weight and quality requirement determined by Doppelmayr during acceptance testing and/or receiving inspection (Clause 5) shall be binding. Doppelmayr will notify our supplier in writing of any defects as soon as such defects are identified in the ordinary course of business of Doppelmayr.
- 11.2. Our supplier expressly waives the plea of late notification of defects and approval without reservation.
- 11.3. Upon notification of defects, Doppelmayr will grant our supplier an additional period of time of reasonable length for rectification of the defects free of charge at the place designated by Doppelmayr or for replacement free of charge. The reasonableness of such an additional period will depend, among other factors, from the importance of the (ropeway) system delivered by Doppelmayr to its customer that is currently inoperative.
In individual cases, "reasonable" may therefore also mean "without delay".
- 11.4. In the event of our supplier failing to comply with the said additional period, Doppelmayr shall be entitled, without further request and/or notice, to remedy the defects or cause substitute performance to be effected by third parties, in each case at the expense and risk of our supplier.
- 11.5. - 11.6. If Doppelmayr incorporates the goods (product and/or service) delivered as a component into a product and the defect is not revealed until the product is operated, Doppelmayr shall be entitled to notify defects of any kind at any time until the relevant period of limitation has expired.
- 11.7. In the event of a justified notification of defects, our supplier shall reimburse Doppelmayr for any expenses incurred in connection with the remedying of the defect.
- 11.8. If, in the opinion of Doppelmayr, a defect may be presumed to occur also in other parts delivered by our supplier, Doppelmayr shall be entitled to create a recall and/or replacement campaign for parts identified to be defective.
- 11.9. Our supplier shall, at Doppelmayr's option, repair or replace, at its own expense, any and all parts already delivered., This shall also apply if the warranty period has already expired, to the extent such defective parts are likely to damage other objects or, in particular, pose a risk to life and limb.
- 11.10. Moreover, our supplier shall indemnify Doppelmayr for any losses incurred in connection with such a replacement campaign.
- 11.11. Doppelmayr shall be entitled to refuse to take delivery of, and pay, products, goods and/or services until any defects that Doppelmayr is unable to prevent by reasonable means have been remedied.

11.12. Our supplier is further obligated to repair, and/or assist Doppelmayr in the repair of, any products, goods and/or services delivered and/or provided, and to do so free of charge.

12. Penalties

12.1. In the event of our supplier failing to meet the deadlines stipulated in the purchase order, our supplier - unless otherwise agreed - shall pay penalties as set forth hereinbelow, calculated on the basis of the total order value, regardless of the occurrence of an actual loss, until the actual date of delivery.

If the occasion arises, penalties can also be deducted from the current accounts and/or accounts receivable of our supplier.

Doppelmayr reserves the right to assert claims in excess thereof.

In the event of final acceptance tests being delayed for reasons within the control of our supplier, the default provision set forth hereinbelow shall apply, irrespective of whether or not an acceptance date is explicitly stipulated in the contract. 12.2. Penalties for goods (including documentation) and services shall amount to 1% for each commenced week of delay, and shall not exceed 20% of the total order value.

12.3. Our supplier's obligation to pay penalties shall arise upon the occurrence of default. Upon taking delivery, Doppelmayr shall not be required to express any reservations to protect the claim for payment of penalties.

12.4. Payment of penalties shall not release our supplier from its obligation to perform or from any responsibilities resulting therefrom.

12.5. Our supplier shall reimburse Doppelmayr for all costs arising from a failure to comply with the shipping terms or from implementing them incorrectly.

12.6. Even if penalties are provided for in the purchase order (e.g., penalties for non-performance), this shall not release our supplier from its obligation to ensure that its goods and services comply with the guaranteed intended use.

- Penalized guaranteed values exceeding the maximum amount of penalties stipulated in the contract despite attempts to rectify defects;
- Delivery not meeting the requirements.

17.2. Doppelmayr shall be entitled to rescind the contract at any time without granting an additional period of time if

- Doppelmayr, even prior to delivery and/or takeover, has good and understandable cause to believe that our supplier will not be able to perform its contractual obligations;
- Reorganization proceedings are instituted against our supplier or a relevant petition is dismissed for lack of assets;
- The ownership structure, whether direct or indirect, of the company of our supplier changes.

17.3. In the event of rescission, Doppelmayr shall be entitled to perform, or cause to be performed by third parties, at the expense of our supplier, such deliveries of goods and/or provision of services as have not been performed or have been insufficiently performed (substitute performance). Doppelmayr may directly charge the related costs incurred, with a term of payment of 10 (ten) days from the date the account is rendered being deemed agreed and our supplier waiving its right to set off any of its own alleged claims against the claims asserted by Doppelmayr.

Our supplier shall refund to Doppelmayr any amounts already paid for any deliveries of goods and provision of services not effected, plus any financing expenses incurred by Doppelmayr, with our supplier waiving any right to set off such amounts against any of its own alleged claims.

17.4. If the exercise of the right to cause or effect substitute performance requires Doppelmayr to access materials, in addition to any drawings, etc., located on the premises of our supplier or of its subcontractors, our supplier is obligated to surrender such materials to Doppelmayr, which obligation shall survive the termination of the contract.

17.5. If the exercise of the right of rescission requires Doppelmayr to access any industrial property rights, documentation (such as workshop drawings, calculations) or other information, our supplier is obligated to procure the necessary rights, documentation and information for Doppelmayr, which obligation shall survive the termination of the contract.

17.6. In the event of a rescission of the contract, Doppelmayr shall be entitled to use the subject matter of the purchase order, free of charge, until a substitute solution is accepted.

17.7. In the event of operations of Doppelmayr being impeded by events of force majeure, Doppelmayr shall be entitled to rescind the contract in whole or in part or demand performance at a later date, without any claims whatsoever arising on the part of our supplier.

18. Place of Performance, Passing of Title

18.1. The place of performance for any and all mutual obligations shall be Wolfurt/Austria, unless a different place or the place where the system is installed was agreed in writing.

18.2. Title shall pass to Doppelmayr upon delivery.

19. Applicable Law, Jurisdiction

19.1. These GTC and any and all related issues (purchase order, etc.) shall be governed by the laws of Austria, to the express exclusion of the UN Sales Convention.

19.2. Both parties agree that the court having subject matter jurisdiction over Wolfurt shall have exclusive jurisdiction for any and all disputes. However, Doppelmayr shall be free to sue our supplier in any other competent court.

20. General

20.1. Doppelmayr will not pay any remuneration for the development of projects, etc.

20.2. Our supplier is obligated to notify Doppelmayr in writing, without delay, of any substantial changes in the business structure and/or ownership structure of its company compared to the structure prevailing at the time the contract is entered into.

Such changes shall include, without limitation,

- A third party that currently holds an interest in our supplier obtaining control of at least 25% of the business interests or shares;
- A party that currently holds an interest in our supplier obtaining control of at least another 5% of the interests or shares in the company in addition to the interests or shares that are already under its control;
- A party that currently holds an interest in our supplier newly obtaining control of at least 50% of our supplier's interests or shares;
- The majority of the interests or shares in a parent company of the supplier that controls at least 20% of the interests or shares passing to another person.

Control and/or interest within the foregoing meaning shall mean any direct or indirect control and/or interest (e.g. as a member of the group, or else on the basis of, e.g., a fiduciary relationship). In the event of any such changes, Doppelmayr shall be entitled to terminate the contract with a notice period that can be freely specified by Doppelmayr.

20.3. If individual clauses of these GTC are held to be void or invalid for any reason whatsoever, the remaining clauses hereof shall remain in full force and effect. Instead of the invalid provision or to fill any gaps, the parties shall agree on a reasonable valid provision that, to the greatest extent possible, comes closest to what the parties would have intended if they had considered that point.

20.4. As a matter of principle, the language of the contract shall be German. In the event of any issues concerning the interpretation of different language versions of these GTC, the German version shall prevail in any event.

20.5. These GTC shall also be applicable on the part of our supplier in business transactions with all companies of the Doppelmayr Garaventa Group, if they so desire.

21. Code of Conduct/Compliance

- 21.1. The contracting parties' obligations arising under their business relation shall be governed by the corporate values, code of conduct, guidelines and laws summarized in the Code of Conduct of the Doppelmayr Garaventa Group.
